### Application

If you are interested in attending the Inspection and Measurement Technology Course, please attach your CV, including details of your previous university education, to this registration form. Registration will be handled following the rule "first come, first served". Because the TransNetAero Project is transnational, the places for the course are limited to 3 participants from each of the following countries: Netherlands, Switzerland, Germany, France, UK and Belgium.

### Confirmation

With my signature I subscribe to the course and confirm that all statements about my person including my CV are complete and truthful.
